Bratislava, Slovakia

**Portfolio:** <https://shishov.dev/>

## Professional summary

Senior full-stack developer with over 8 years of experience, currently leading the IT department at InsiderWeek. I manage the full website development lifecycle - from design handoff to deployment - and lead coordination between team members and other departments. Apart from that I've delivered production-ready websites for finance, media, and e-commerce clients - work showcased in my portfolio - including projects built for Lexus, Intel, Asus, Dell Technologies, and Epson, and many more.

## Key skills

**Frontend Development:** HTML/CSS, SCSS, Less, Stylus; JavaScript, TypeScript, jQuery; Bootstrap, Tilda, Webflow, Squarespace; Responsive and cross-browser design, Performance optimization

**JavaScript Frameworks and Libraries:** Vue.js, React (GatsbyJS, Next.js)

**Back-End and Templating:** PHP, Laravel, Java Spring Boot, Smarty (PHP templating system)

**Other Languages and Tools:** MySQL, Git, Figma, Jira, Kotlin (Intermediate), Java (Intermediate), Python (Intermediate)

**Content Management Systems (CMS) and No-code Website Builders:** Wordpress, Webflow, Tilda, Squarespace

**Languages:** Slovak (C1), English (B2), Russian (C2), Serbian (A2), German (A1)

## Professional experience

### **Tech Lead**

#### **InsiderWeek**

<https://insider-week.com/en/>

#### **Remote**

**October 2025 - present**

- Supervising the technical implementation of projects with involvement in front-end development.
- Managing IT strategy and technological vision of the company.
- Leading and managing the IT team.
- Coordinating various activities across departments and cooperating with company management on different tasks.
- Helped the company achieve +105% growth in sales in 2025 compared to 2024.

### **Lead front-end developer**

#### **InsiderWeek**

<https://insider-week.com/en/>

#### **Remote**

**December 2021 - October 2025**

- Developing and maintaining high-quality code using HTML, CSS, and JavaScript across the company's website.
- Integrating the front-end with PHP-based back-end on various occasions - for example, when creating trading tools for users or implementing new features in the membership area.
- Coordinating daily communication and task alignment between design, marketing, and IT teams.
- Organizing and running 60+ webinars for company clients, reaching a total audience of 12,000 participants.
- Integrating and configuring various third-party marketing tools and platforms, such as WebinarJam, Bigmarker, ClickSend, Twilio, Mailchimp and Poptin.
- Successfully leading cross-functional collaboration during a major web redesign project, moving the website from old Wordpress setup to static website with 200% improval in Lighthouse score.

### **Freelance Web Developer**

#### **Self-employed**

<https://shishov.dev/>

#### **Remote**

## **August 2017 - present**

- Developed 30+ websites for clients from all over the world - including projects for Lexus, Intel, Asus, Dell Technologies, and Epson.
- Built high-performance, responsive web applications using React (Gatsby, Next.js) and Vue.js, ensuring 90+ Lighthouse scores.
- Developed custom Wordpress themes (ACF, Carbon Fields, Elementor).
- Worked with landing pages using modern stack (SCSS/Sass, Zustand, Vite).
- Collaborated directly with business owners to translate complex requirements into intuitive user interfaces, based on JS-frameworks or Wordpress.

## **Front-End Mentor**

**Hillel**

<https://ithillel.ua/>

**June 2021 - March 2022**

- Reviewed 200+ homework assignments on HTML, CSS, and JavaScript.
- Led weekly 1-on-1 and group consultations to support 60+ students.
- Improved student assignment quality through targeted feedback.
- Received 100% positive feedback in post-course evaluations.
